HENDERSON DIRECTORIES, LIMITED  
PUBLISHERS

# Introductory

---

The present volume constitutes the 1931 edition of Henderson's Directory of Calgary. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been Proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 37 to 68 and contains data concerning City, Provincial, and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 69 to 260, in this feature the names of all streets and avenues are arranged alphabetically, giving the location, number on the street and showing the occupant.

Th intersecting streets are shown in the order that they come.

THE ADVERTISING occupies pages 1 to 20, this section of the Directory printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the city Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 261 to 756.

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 757 to 828, and exhibits the various manufacturing, mercantile, and professional names, compiled under headings appropriate to the class of industry or profession followed.

## ADVERTISING CALGARY

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Calgary, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

## NAMING OF CALGARY

Calgary is named after the old home of Colonel Macleod in the Isle of Mull, Scotland, and was so named in the year 1876 when he was in charge of the North West Mounted Police, first established at the confluence of the Bow and Elbow Rivers. The word "Calgary" is of Gaelic origin and means "Clear Running Water."

## LOCALITY AND ADVANTAGES

The City of Calgary is the business centre of the Province of Alberta, and the largest and most important city between Winnipeg and Vancouver. Its location on the C. P. R. main line and C. N. R. line in the foothills of the Rocky Mountains, at the junction of the Bow and Elbow Rivers, is picturesque. By reason of its geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country as yet only partially developed, and above all, by reason of its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries. An extract from "Townships of the North West Territories" reads as follows:

"At the junction of the rivers (Bow and Elbow) on Section 14, is the town of Calgary, which will soon become one of the most important places in the Northwest. Its geographical position, picturesque site, proximity to the Rocky Mountains, access to wood and timber by way of both rivers, and its ample supply of excellent water all contribute to this end. 'C. E. La Rue, 1883.'"

The business section and part of the residential district has spread over the valley which was the original townsite, and has expanded over the surrounding heights. Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver, 138 miles north of the boundary line between Canada and the United States of America, and 85 miles from Banff, "The Playground of Canada"

## TO TOURIST AND VISITORS

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine business buildings or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

In addition to the Hotel Palliser one of the finest hostels on the continent, there are many other first class hotels, with rates to suit all purses. Unusual shopping facilities exist and several beautiful modern theatres provide the best there is in drama, vaudeville and pictures.

A drive about the City will be found of interest, and the residential districts on both the north and south hills should be included, as from them a magnificent view on a clear day can be obtained of the Rockies. The Sarcee Indian Reservation adjoining the city on the southwest provides an interesting drive. St. George's Island and Bowness Parks are specially worthy of a visit.

For the sportsman there is, in season, shooting for duck, chicken, and part-

ridge, as well as mountain trout fishing, all within a few hours' drive from the city.

Calgary is at the gateway of the Canadian National Park and an extremely interesting and picturesque motor drive of about three hours will take one to Banff (85 miles distant). Lake Louise and the Rockies are also available by motor car. The Banff-Windermere Road is now completed and links up with the Grand Circle Tour (Blue Trail), which connects all the scenic attractions in Western America; passing from Calgary south through Glacier Park (Montana), Yellowstone Park, Grand Canyon (Arizona), Los Angeles and then north through San Francisco, Crater Lake Park, Spokane, Columbia River Valley (Windermere), and Banff, east to Calgary.

**The Calgary Motor Tourist Camp**, operated by the Alberta Motor Association and Young Men's Section of the Calgary Board of Trade, provides camping facilities such as water, light, fuel, lavatories and fireplaces. A caretaker, sworn also as a constable, is on duty at the camp entrance for the purpose of safeguarding tourists' property which they may temporarily leave at this camping place. It is located at Stanley Park, on the Manchester Trail, in the southern section of the City, and is modernly equipped with showers, gas, electric light and a convention hall.

**Sunshine Auto Camp**—Gives every facility to the camping tourist. Cabins fully equipped—beds, tables, natural gas stoves, electric light.

Tenting space, natural gas for cooking, flush toilets, 12 free shower baths, laundry. Car washing free, and free swimming pool, 35 by 65 feet.

Camp store supplies at city price. Gas and oil station.

Room for a thousand cars per night. Price: 50c for camping and \$1.25 for cabin and garage.

Privately owned.

**The Alberta Motor Association.** For touring information or other assistance, visiting motorists are requested to call at the Club headquarters, 112 7th Avenue East. Secretary, J. J. Webster, Phone M6958.

**The Calgary Board of Trade** maintains offices in the Loughheed Building, corner First Street West and Sixth Avenue, and the staff are always pleased to answer questions in regard to the City or Country, and its many opportunities. Club rooms are maintained by the Board in the same building, to which all visiting business men are cordially welcome.

**Golf and Country Clubs** offer special facilities to those interested in outdoor sports.

**The Municipal Golf Club** is located in Shaganappi Park, and can be reached by the Killarney Electric Car Line or by motor along the South Banff road. It is about four miles from the centre of the City. Visitors are permitted use of the links by applying to the caretaker; fees: 35 cents per game.

**Regal Golf Club.** A 5,985 yard golf course, situated in the N.E. section of the City. A hilly course, rich in turf, with a creek running through it, which

adds to the "sportiness" of the course. There is also a ladies' course (nine holes). Four street cars will take you within 3 minutes of the Club house—two Crescent Heights, two Tuxedo Park. Membership fee: Gentlemen, \$20.00 per year; ladies, \$7.50 per year.

#### **OIL AND GAS FIELD**

The Turner Valley Gas and Oil Field, in process of development, contains several wells producing gas and oil. Gasoline is extracted from the wet gas, and some of the gas, after treatment, is piped to Calgary for domestic uses. The world's greatest gasoline wells are located in the Turner Valley.

This field is within easy reach of Calgary and offers a fine auto trip.

#### **OIL REFINERY**

The Imperial Oil Limited has erected, at a cost of \$4,000,000, a very large modern oil refinery in Calgary, situated in the Ogden district. This plant is worthy of a visit.

#### **SPILLERS CANADIAN MILLING CO., LTD.**

The imposing daylight flour mill situated in East Calgary belonging to Spillers Canadian Milling Company Ltd., commenced milling in September, 1927, and is now in full operation. The officials of this plant, the most modern flour mill in Canada, welcome visitors who will find great interest in seeing what modern machinery and skill in operation is capable of doing in the way of producing the finest possible flour.

#### **SURROUNDING COUNTRY AND RESOURCES**

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching districts in area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of the soil, grain and vegetables produced in this district are excellent.

#### **IRRIGATION AND FARMING**

Calgary is the headquarters of one of the largest irrigation projects on the continent. Water for irrigating the fertile belt stretching from Calgary north, east and south, is obtained from the Bow River. The head-gates of the main canal are located inside the eastern city limits.

In the agricultural world Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands famous for spring, fall, and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of this location and the productivity of the surrounding areas, a "Grain" or "Stock" Exchange and a large stockyard and packing plant were established some years ago. Calgary's importance as a grain centre has been officially recognized by the Government of the Dominion of Canada, and the said Government has built a terminal elevator in this city.

#### **RAILWAYS AND MARKETS**

With two transcontinental railways operating into the City, and other branch lines projected, Calgary offers the wholesaler and the retailer great facilities for trade throughout the whole of the Dominion. This, coupled with an ideal location in the heart of a rapidly and ever-growing market, in the centre of tributary lands containing bountiful

supplies of raw materials, places Calgary conspicuously before the manufacturer.

#### **MINERALS, ETC.**

Untold mineral wealth underlies the soil, waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which accrue to Calgary, Canada and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are iron, lead, coal (bituminous, lignite, anthracite and coking), silicate sandstone, brick clay and shale, pottery clay, fire clay, etc.

#### **INDUSTRIES**

The chief industries located in Calgary and district are: Ranching, farming, meat packing and meat products, oil refinery, manufacturer of flour, biscuits, breakfast foods, breweries, temperance drinks, cement and cement blocks, rough and finished lumber, wood-working plants, sash and door mills, beds and mattresses, saddlery and leather goods, show cases, tents, confectionery, cigars, soap and similar commodities, ironworks, machine shops and welding, C. P. R. repair shops for western division, liquid air plant, brick-yards, bakeries, dairies and butters, etc., stockyards, tannery, headquarters of coal companies, headquarters in province for insurance companies, horticultural, box factory, Ford assembly plant, automobile repair shops.

#### **HOSPITALS**

The General Hospital, instituted October, 1890, incorporated November, 1890; present hospital opened February 1st 1910, with approximately 200 beds present capacity. Prior to April, 1919, it was under the control of a private Board but it is now administered by the City, together with hospitals for the following: Smallpox (12 beds), Isolation (75 beds).

There are in addition to those above mentioned a number of privately owned hospitals and nursing homes, the chief of which is the Holy Cross Hospital. Smallpox Hospital—Sixteenth Avenue N. E.

Isolation Hospital—Contagious disease, Twelfth Ave. and 8<sup>th</sup> Street E. Finances are obtained from city taxation, certain provincial government grants and patients' fees.

The Dominion Government completed and opened in the year 1920 a large modern sanatorium for the treatment of incipient tuberculosis cases.

In July 1925, the Alberta Provincial Government assumed full control of this institution, which is situated within a short distance of the Bowness line of the Municipal Street Railway at Keith, 7 miles west of the city. It was originally designed to care for returned soldiers, but has so developed that civilians are now treated there.

#### **LIBRARY**

Those of our citizens possessing literary tastes may, on becoming members of the Calgary Public Library have access to various works of literature by the World's best authors.

#### **JUVENILE COURT**

The "Children's Aid Dept." previously financed largely by the City and controlled by the Provincial Government, is now a department of the city, and as such, is administered by the City Commissioners.

In its legal operations the Juvenile Court is under the Attorney-General's

Some of Calgary's Fine Streets and Buildings

Department, all cases are first submitted to the Children's Aid Department and sittings of the court arranged by them. The Superintendent is clerk of the court.

#### **MUNICIPAL OWNERSHIP**

Calgary is essentially a City owned and operated for its citizens' benefit through their elected representatives, and owing to this fact its inhabitants enjoy an excellent service from the various municipal undertakings. Commencing in the year 1899, the City purchased the existing Waterworks system. Since that time the Public Utilities of the City have been extended to include Electric Light and Power, and Street Railways systems.

Calgary has clean and well paved thoroughfares, beautiful residential districts, and business buildings, giving remarkable evidence of substantial growth. Municipally-owned utilities—particulars of which may be found in this publication—educational buildings, school system, and above all, its healthy climate.

#### **BRIDGES**

A modern reinforced concrete bridge spans the Bow River at Centre Street, Calgary, and bridges of similar construction cross the Elbow at Fourth St. W., and the Bow River at Ninth St. W.

#### **METHOD OF CIVIC GOVERNMENT**

The "Initiative, Referendum and Recall" is in operation in Calgary. By this means legislation may be initiated by the ratepayers, a referendum demanded on any public question or policy and elected officials recalled. To invoke these powers it is necessary to obtain the signature of qualified voters, equal in number to those cast at the last election for mayor in the following percentages: For "Initiative" or "Referendum," 10 per cent; for "Recall," 25 per cent.

The government of the City is carried on under powers granted by the Legislative Assembly of the North West Territories, and amendments thereto from said body, and later from the Provincial Legislature of Alberta. The Council is composed of a mayor and 12 aldermen. Up to the end of the year 1923 the mayor was elected annually. At the Civic election held in December, 1923, the electors carried a plebiscite to provide for the election of mayor for a term of two years, said provision to become effective January 1st, 1924.

#### **CONTINUITY OF COUNCIL, ETC.**

In order that some members of each year's council may be on intimate terms with the city's business, the aldermen are now elected from the city at large to a two-year term of office, six aldermen retiring, in the ordinary course of events, on December 31st, of each year, the transition from one to a two-year term of office was accomplished in December, 1918.

A commissioner is elected on a vote of the electorate of the city to hold office for a term of two years. The public and separate school trustees are also elected annually for a term of two years from a vote of the entire city, the number of members to be elected each year being determined by vacancies on the respective boards. The number of members composing the Public School Board is 7 and the Separate School Board 5.

#### **QUALIFICATIONS FOR MAYOR, ETC.**

The mayor is the chief magistrate of the City. Persons eligible for election as Mayor, Commissioner, Aldermen,

Public or Separate School Trustee must be British subjects, qualified electors of the City, male or female, of the full age of 21 years, and who are not disqualified under the ordinances incorporating the City of Calgary.

#### **ELECTIONS, NOMINATIONS AND VOTING**

All elected Officials of the City of Calgary are elected by the system of "Proportional Representation with the Single Transferable Vote," generally known as "The Hare System," which was finally adopted and put into operation by the City in the year 1917.

#### **COUNCIL'S DUTIES**

The Council as a whole is the legislative body and carries on the legislative work through standing committees in the usual way.

#### **COMMISSIONERS' DUTIES**

The Board of Commissioners, consisting of the Mayor and one other Commissioner, is the executive body and as such regulates and supervises expenditures, directs and controls departments, Comptroller excepted, prepares specifications and estimates, advertises for tenders for work, materials and supplies required, inspects and reports to the Council on the municipal work being carried on or in progress within the City; administers the affairs of the City except schools.

The aldermen receive no remuneration for their services, the electorate refusing to authorize the same, but the Mayor and Commissioner receive a salary of \$5,000 and \$4,800 per annum respectively for the year 1930.

#### **ASSESSMENT, TAXES, BOARD OF REVISION**

General Assessment Rolls are compiled in the fall of each year for use after confirmation by the Board of Revision for taxation purposes etc., during the following year. The Assessment Roll is completed and notices mailed on October 31st preceding the year in which such roll is to be used.

The Board of Revision consists of three members appointed by by-law of the City Council and sits each year to hear appeals against assessment or non-assessment and to revise and confirm the assessment rolls. Appeals against assessment or non-assessment must be in the hands of the City Assessor at least five days before the first meeting of the Board of Revision. Which cannot be held until 30 days after the mailing of assessment notices.

#### **REAL PROPERTY (General Tax)**

After the assessment roll for real property is finally revised and confirmed usually in December of each year, and the estimated net expenditure to be raised by the general tax is fixed by Council, the tax (mill rate) is struck as follows:

Estimated expenditure (less utilities and revenues from sources other than the general tax) multiplied by 1,000 divided by real property assessment (including special franchise and excluding business tax assessment, equals No. of mills constituting the tax rate. (A mill is \$.001).

Each dollar assessed and taxed on the "Real Property" tax rate must pay the mill rate as above determined, except on parcels, of 10 acres and over, situated in the outer area, when a tax rate of 20 mills is levied.

The Council by By-Law fixes the dates up to which certain penalties on General and Special Taxes shall be imposed. For 1929 it is proposed that

taxes paid on or before June 20th shall be free from any penalty. From June 21st the following penalties shall be imposed:

June 21st to July 31st.....4 per cent.  
Aug. 1st to Sept. 30th.....5 per cent.  
Oct. 1st to Dec. 31st.....6 per cent  
Jan. 1st, 1931, and until paid.....2-3rds  
of 1 per cent. monthly on the accumulated amount of taxes and penalty.

#### **BUSINESS ASSESSMENT AND TAX**

The Business tax first became operative in 1916 and the provisions governing have been amended as necessary from time to time. All businesses, trades, professions, etc., must be assessed each year for a sum equal to the full annual rental of their business premises, whether land or buildings or both, provided, however, that if such assessment is not equal to those of surrounding similar places and businesses, the assessment may be raised or lowered to make all assessments affected equitable. Assessment notices are mailed December 31st. After the Business tax roll has been revised and confirmed and the Council has set the rate and discount periods, tax notices demanding payment of the Business tax, giving particulars of the amount due, discounts, etc., are mailed. A discount of 5 per cent. is allowed if paid before March 30th. Distress warrants may be issued if taxes are unpaid by April 15th. The tax rate on all business is 8 per cent. of assessed rental value. As license fees are now based on the cost of supervision by the City, no rebate is given off business tax on account of any license fee paid to the City.

#### **TAX RECOVERY**

The existing laws concerning unpaid taxes are briefly as follows:

1. Not later than November 14th of the year following the tax levy, if taxes are unpaid the City must file in the Land Titles office a caveat against all properties so in arrears.

2. If any parcel of land is not redeemed before the 15th day of December in the calendar year next following the year in which caveat has been filed the City applies for, and the Registrar of Land Titles issues, a new certificate of title in the name of the City.

3. After securing title the City must, within one year, offer for sale at public auction the land or lands for which title was so obtained.

4. If the property is not sold at such auction, the title remains in the name of the City, but must be sold at the earliest possible opportunity by private sale.

#### **TAX EXEMPTIONS**

The Dominion and Provincial Government, Public and Separate School Boards, Incorporated Colleges (on lands and buildings used for school purposes), Church buildings and Church lands (up to one-half acre); all are exempt from General taxes but are liable for Local Improvement taxes.

#### **VOTERS' LISTS**

The fact that you have paid taxes does not qualify you for a vote. See that your name appears on the Voters' List to be seen in the City Clerk's office. This matter should be attended to not later than the last legal day of July in any year. An elector is entitled to vote once only at any election on the same question, and must vote at the booth noted on the Voters' List for each elector. Only qualified electors whose addresses are given as in Calgary, are entered on the Voters' List. A qualified

non-resident voter who is in the City on election day and wishes to vote must apply in person at the Assessor's office for a certificate.

#### **MUNICIPALLY-OWNED INDUSTRIAL SITES**

Calgary offers to manufacturers industrial sites owned by the Corporation at the cost price. These are located in various parts of the City and the first were purchased in 1911 to provide for industrial development.

"Manchester" within the southern limits of the City, situated on the Calgary-Lethbridge branch of the C. P. R. is offered manufacturers desirous of locating in Calgary, on the following terms:—

Street cars, sewer, water and electric light and power are extended to and in use in "Manchester." This property is approximately two and one half miles from the Post Office. Applications for sites should be addressed to the City Clerk.

Two miles east of the City limits and about five miles from the Post Office lay other industrial sites. This property is served by the Canadian National Railroads.

The City also owns several blocks of land in the subdivision known as Calgary Junction.

Another site within easy reach lies about two miles northeast of the Post Office. The Calgary-Edmonton branch of the C. P. R. runs through this property.

The City has power to exempt from taxation buildings, improvements, machinery and stock being used on said land subject to a by-law providing for such limited assessments and exemptions being ratified by the people as in the case of a money by-law.

The above clause does not mean that the industrial concerns are exempt from Local Improvement taxation.

If the aforesaid lands, buildings, stock or improvements cease to be used or occupied for the purposes aforementioned, such land, etc., so ceasing to be used or occupied shall be liable to taxation in the usual manner.

Further information in respect to the above will be gladly furnished by the City Clerk.

#### **CITY HALL**

Calgary's City Hall is situated at the corner of Seventh Avenue and Second Street East. The site was obtained in the year 1885.

#### **POLICE HEADQUARTERS**

As a result of the rapid growth and development of Calgary, and the corresponding increased volume of civic business, it has been necessary to erect in close proximity to the City Hall a modern fireproof construction, consisting of reinforced concrete framework and floors, and brick filling with stone trimmings, to be used as a Police Headquarters, and for other civic departments. This building was completed on August 31, 1914.

#### **DOMINION GOVERNMENT ELEVATORS**

Calgary, Alberta

Office—East Calgary.

The Canadian Government Elevator at Calgary is a reinforced concrete terminal elevator of 2,500,000 bushel capacity. This interior terminal elevator, together with similar elevator of 3,500,000 bushels capacity each, at Saskatoon and Moose Jaw, Sask., were constructed by the Board of Grain Commissioners for Canada to operate in conjunction

with the Board's Lake Terminal Elevator at Port Arthur, Ont. and with the Board's Ocean Terminals at Vancouver, B.C. The purpose of the Calgary elevator is to provide storage and cleaning facilities for grain grown in the Province of Alberta, and to act as a reservoir for shipments to the East via the Great Lakes, or more especially for shipments westward to Vancouver, where it may enter the trade routes of the Pacific, or of the Atlantic via the Panama Canal.

### HYDRO-ELECTRIC POWER

General Superintendent: F. J. Robertson A.E.I.C., 5th flr Insurance Exchange, Calgary, Alta.

Calgary is supplied with the bulk of its electric power from the Calgary Power Company's two hydro-electric plants, situated 50 and 52 miles respectively, at Seebe, on the Bow River, west of Calgary.

No. 1 plant was completed and delivering power in 1911. The dam is a solid concrete structure across the Bow River, the foundation resting on rock and shale. Water is led to the power house through steel penstocks of 12 feet in diameter, the "head" of water being 70 feet. Generators of a total capacity of 19,500 h.p. are installed in the power house, the voltage of generators being 12,000, this is stepped up to 55,000 volts by transformers for transmitting to the City of Calgary over three separate high tension lines.

Owing to low water conditions of the Bow River during the winter months, the Calgary Power Company soon found it necessary to build a second plant to enable them to handle the rapidly increasing demands for power. The site chosen for the second plant is known as Kananaskis Falls, and construction work was started on this site November, 1912. The entire work was completed and power being delivered both to the City of Calgary and to the large cement mill at Exshaw in January, 1915. Generators of a total capacity of 11,600

h.p. are installed at No. 2 powerhouse, the generators being driven by turbines working under a head of 70 feet. The dam consists of a solid concrete structure 600 feet in length. The production of this field necessitated the construction of 33 miles of 10-inch pipe to connect this field with the main trunk line.

To further augment the Company's gas supply, arrangements have been made with the Royalite Oil Company to supply gas from the Turner Valley field. Three pipe lines have been constructed from this field to connect with the Company's system and at the present time up to 60,000,000 cubic feet per day is being supplied from Turner Valley.

The Company supply natural gas at a rate of 37 cents per 1,000 cubic feet with a discount of 4 cents per 1,000 cubic feet when the bill is paid within ten days from the date of same. There is also a minimum charge of \$1.00 per month to users of small quantities of gas. The Company now serves 21,000 residences and 350 large buildings.

### NATURAL GAS

Office: 215 Sixth Avenue West, Calgary

Natural Gas was first discovered in commercial quantities in the Bow Island field in 1908.

The Canadian Western Natural Gas, Light, Heat and Power Company, Ltd., was formed for the purpose of supplying Calgary, Lethbridge, and the intervening towns with natural gas. On April 11th, 1912, work was commenced on a 16-inch steel trunk line between Bow Island and Calgary, a distance of approximately 171 miles, and was completed on July 17th, 1912; thus establishing what is believed to be a record in the Natural Gas history. The cost of putting this line into service was over two million dollars.

On July 23rd, 1912, nature's ideal fuel from the Bow Island field was first delivered to the householders of Calgary.

#### **Membership Privileges**

Any Citizen of Calgary is entitled to a free membership on signing application card, proving his address and furnishing the names of two friends.

#### **History**

It is about twenty-two years since a little group of Calgary citizens began to interest themselves in securing for Calgary a Public Library. Calgary was at that time a city of only about 15,000, and it took time for the scheme to mature. However, in 1908, a Library Board was formed; in 1909 the building was begun, and on January 2nd, 1912, it was opened to the public.

The building and equipment has cost \$100,000.00. Of this sum \$80,000.00 was provided by the late Sir Andrew Carnegie and \$20,000.00 by the city Council.

It is noteworthy that this Library was the first public Library between Winnipeg and the Rockies.

#### **Constitution**

The Calgary Public Library is administered by a Library Board of seven members, the Mayor being an ex-officio member, and the remaining six being appointed by the City Council for two years.

The Library is organized under the Provincial Libraries' Act, which empowers the City to levy a library rate not exceeding one mill on the dollar on all assessable property.

#### **Crescent Heights Branch**

The library has one branch at 1806 First Street N. W.

**Kon Yee Reading Room**

### **CALGARY MUNICIPAL STREET RAILWAY**

(Operated by the City Commissioners)  
 Offices and Car Sheds—2nd St. E. bet. Victoria Park and Elbow River.  
 Superintendent—R. A. Brown

The City of Calgary on July 5th, 1909, with 35,000 population, successfully inaugurated a municipally-owned and operated modern street railway system.

A \$250,000.00 by-law was passed in 1907 and one for \$226,000.00 in 1909, providing for the building, etc., of the street railway system.

With twelve modern pay-as-you-enter cars the first six months' operation returned operation and interest charge and \$10,000.00 surplus for contingent account.

Construction was begun in September, 1908, and one-half mile of track was laid that fall. On May 1st, 1909, work was recommenced. The power generator arrived July 1st and the first two cars on July 2nd. The Railway officially opened at 8 p.m. July 5th, 1909 with two cars covering the half-mile between City and Fair Grounds.

During Fair Week 35,460 passengers were carried.

Work was carried on by five paving contractors, one track construction company (on unpaved sections only), the City doing all special and over-head work and intersections.

One-man cars were introduced on all city lines in 1917, and are proving satisfactory. Safety of operation is secured together with a substantial decrease in the cost of operation.

All the line feeders within the business area have been placed underground.

At present power is supplied by four substations with two 500 k.w. direct driven steam units as an auxiliary, and one 300 k.w. and three 1,500 k.w. motor generators.

The Power Department of the City charges the Street Railway for power as follows: 75 of 1c. per k.w. hour for first 400,000 k.w. hours; all over 400,000, .70 per k. w. hour; 1,878.75 per month overhead charges.

#### **Fares**

Five classes of tickets are used:—"School," good to and from school for students up to 17 years of age and any time for children up to 14 years of age, 10 for 25c; "Ordinary," 18 for \$1.00; 4 for 25c; 2 for 15c; and pads of civic employees tickets, 18 for \$1.00, the latter are charged to the departments in which they are used.

## Henderson's Calgary Street and Avenue Directory 1931

HENDERSON'S (1931) CALGARY

69

### Method of Numbering Streets, Avenues and Houses

Calgary's streets are numbered from Centre Street, east and west and from Centre Avenue, north and south. Example: The first street west of Centre Street and south of Centre Avenue would be First Street S.W., oftentimes called First Street West. The first street east of Centre Street and north of Centre Avenue would be First Street N. E., and so on.

The Avenues are numbered from Centre Avenue and Centre Street. Example: The first avenue south of Centre Avenue and west of Centre Street would be First Avenue S. W., and so on; and the first avenue north of Centre Avenue and west of Centre Street would be First Avenue N. W. and so on.

Half streets or intersecting streets are designated "A" or "One-half."

Houses are numbered under the following system. Each lot has a number. The even numbers are on the north side of the avenue and the odd numbers are on the south side of the Avenue. On the streets the even numbers are on the east side and the odd numbers are on the west side. Each block

numbers from 100 as follows: 116. 8th Avenue West would be on 8th Avenue, between Centre and First Street West. 217 8th Avenue West would be on 8th Avenue between First and Second Street West. On the streets the numbers run as follows: 211 Centre Street South would be on the west side of Centre Street between Second and Third Avenues, and 712 Centre Street South would be between Seventh and Eighth Avenues, and so on. Each block starts numbering from the hundred following the block preceding it.

**NOTE**—The arrangements in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre Street, which appear first with Avenues preceding Streets. The arrangement by directions is East West, North East, North West, South East, and South West. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on Streets.

# This Publication is the Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
